Quality equipment, backed by real expertise.

Valley Tech Solutions is a family-owned technology and equipment supplier based in Tzaneen, Limpopo, serving businesses across the province and beyond. Built on the technical knowledge and reputation established through Valley Auto, we specialise in automotive diagnostics, garage equipment, agricultural technology and industrial solutions.

As the sole ThinkCar distributor in Limpopo, we supply genuine, warranty-backed equipment through official manufacturer channels — with honest advice before you buy and dependable support long after. This catalogue is a selection of our range; if you can't find exactly what you're looking for, get in touch and we'll source it.

How to order: there's no online checkout. Browse the range, then request a quote by phone, WhatsApp or email — we respond within a business day with pricing, availability and advice.
